Subject: NOTES FROM SCYP ZOOM FORUM 7/5/20

Chaired by Chris Cook of Sussex Clubs for Young People. A diverse group of participants looking for inspiration and solutions. I joined as an observer only.

A separate list of who was there is available to be seen and their particular catchment areas, problems and solutions.

Most impressive was The Escape Youth Club, Burgess Hill started January 2020. Founder Karen Taylor, IT support volunteer Conner. 6 members on Youth Committee, 70 club members at secondary level, 30 volunteers. See their newsletter pm Escape website. Very tech savvy. Karen is very approachable. Maybe we could invite her to share her experiences when lockdown lifted.

An idea I picked up on and have expanded is to run a twice weekly or once monthly Netflix evening for the youth and on non-film weeks offer a drop in cafe at the village hall. The same could be offered on alternate dates to the older people of Cuckfield. A Netflix projector could show films on a blank wall or screen. Members ID provided by 'Mojo' (£50-£60 membership - registers, stores data, landing page etc.) Good for security and insurance.

Refreshments for sale provided by volunteering parents and/or WI. (see projectorninja.com for technical information).

Advantage is that this idea fulfils the brief to for a Youth Club. Supports pensioners at the same time. Easily run by volunteers. Ticket revenue should cover any costs. Joining fee? No cinema close by to compete for attention. Brings community together.

Feedback would be appreciated. Should we schedule a Zoom or would that be one too many?

Christine
