Dear Noemi

Further to your recent enquiry, we are quoting as follows. Comprehensive details of our products and services can be found at www.shelleysigns.co.uk

- Title:** Interpretation Panel
- Size:** This is a budget quote for one interpretation panel at a size of A1 (841 x 594mm).
- Artwork:** 2 options are quoted, either A) Artwork to be supplied by yourselves electronically, or B) Artwork to be created by the specialist Shelley design team. We create striking graphics that will encourage visitors to engage with the panels. It is understood that you will provide final text, site specific images, illustrations or photographs, and logos. We have a large library of natural history watercolour illustrations that can be used at no additional charge.
- Proof:** A) If artwork supplied by yourselves, a paper proof will be submitted for your approval at no extra charge. B) If Shelley create the artwork, initial proofs will be submitted in a PDF format. Prior to the final print you will be asked to sign off a paper version - this is a useful last check of the design & colours before we produce graphics that will last many years. There is no limit on the number of amendments or revisions to the design.
- Printing:** Our Mimaki printer will enhance your design with excellent print quality, crisp text and bright, vibrant reproduction of photographs, water colours and images. This high quality print is supported by a 10 year warranty against fading. It offers eco-friendly printing with zero VOC emissions & little wastage.
- Materials:** Our Encapsulated Glass Reinforced Plastic (GRP) signs are designed for use in public open spaces. They offer exceptional outdoor durability and colour fastness. The finish allows graffiti to be easily cleaned while water ingress is not a problem.
- Finishing:** The sign will be supplied complete with a lectern frame - either powder coated aluminium or Oak & Accoya. Please refer to Items L1 and L4 on the attached Framing Options page. Both lectern frame options are the same price.
