

Hello.

BEVEC

Welcome

Warm greetings to you, we hope your experience with BEVEC is an enjoyable process bringing alive your high street on the 10th of December 2021 with an amazing laser and light show.

You are in safe hands,

Our creative team has built up a enviable rapport with many years of experience supplying outstanding design, technical and implementation services to notable venues and repeat clients across the UK.

Your show will be met with the same time, dedication and creativity we pour into any of our events, no matter how big or small!

Scope of project

Areas covered:

Costs : £4000.00 + Vat

Area lighting for the stalls

Laser show, Including sound system and Mic
(additional music to be provided by
council/artists to play during the event)

Snow machine set up with fan and fluid

Crew and Running the equipment.
Delivery and collection

Stall area lighting

2 Flood lights

Cable

Using current pole for speed

Power to be provided

Snow machine

For the evening of the 10th on assembly of the laser show we we also add a hase and snow machine to add to the Christmas theme of the market.

This will be placed near the light and laser show for monitoring of the fluids and out sight from the public with the additional height.

With a fan to push the snow further and so the snow machine is can be placed at a level to monitor it.

Laser show structures

Two structures, one per street side, with PA system which will also be used to play music for the event and mic to be supplied to make announcements.

Your Project Laser Show: 10/12/2021

Overview,

10 minute laser and light show for up to 800 to people.

Supplying: Lighting and Sound system.

Crew to be there to set-up, pack down and to run show.

Microphone to make announcements

30 second entrance for Santa.

Music: To include family friend music,

Example, Let it Go, (other christmas disney songs) Films tracks, Various pop songs through the last 70 years that have made it to number one. - High energy!

Site visit needs to be made for location of lighting towers and sound

Your Project Laser Show: 10/12/2021

Light (and Laser) shows are all unique so we encourage all input choosing colours and logos to music choice ideas.

If you have any ideas please feel free to call us or drop me an email with your thoughts!

Small print in Big font.

We do not like having hidden items in our work, so here and now upfront we have some few things we would like to tell you:

1. We are a LTD and VAT registered company
2. We are 10 million PLI covered
3. We are a supplier, not an organiser
4. We are here to help you, so please ask!

Meet our Director.

Few words from me, It is a delight to have you on board and with our vision of combining the worlds of music and technical. Since 2011 It has been my pleasure and aim to create a creative company that brings to life audience interaction experiences through seamless integration. The last few months have been tough for us all, but I would like to extend a thank you to all our suppliers, clients and team for believing in what we do and the importance it holds in events throughout the UK. So to you, your new enquiry has put more fuel in to our company to keep us going - So thanks!

Jos

What's next?

Sit back and relax,

Next steps:

1. Our team will start on your show, bringing music and lighting together
2. We will submit to you a plan of the show and what we think is the best plan.
3. Plan a meeting, in person or on zoom, were we can finalise the details.
4. The big day, Arrive on site ready for the show on the 10th.
