Caring For This Product

### Product Overview

A faithful replica of traditional Victorian designs seen lining streets throughout history, this robust lamp post and lantern set is the ideal way to add period charm and ample light to any outdoor space. Finished in signal black, the lamp post itself has been crafted from a combination of robust cast iron and thick rolled steel whilst the supplied lantern head has been hand-formed from high-quality steel. Featuring authentic detailing throughout, this set comes complete with an ornate base, integral ladder bar, classic lantern shape, embossed corner finials and a tiered upper finial. Perfect for providing ambient illumination for your garden, grounds or driveway landscaping.

### Key Features:

- Heavy duty design crafted from cast iron and thick rolled steel.

- Complete with a solid brass bayonet bulb holder.
- Edison screw fix bulb holder available upon request.
- Tough perspex glass panes.
- Inspection panel incorporated into the base for ease of wiring.
- Ideal for security and visibility through generous light coverage.
- Can be used in conjunction with a PIR motion sensor or external timer.
- Supplied with all masonry raw bolts and wooden template for ease of installation.
- Supplied in 'Signal Black' Base Paint Finish - RAL 9004

To be installed and certified by a qualified tradesperson, your tradesperson may make product adaptations where necessary.
