

Are you a Contractor/ Domestic Residence/Local Authority?*	Domestic residence
Please provide the streetlights column number (this is on a sticker on the column)*	5
The streetlights location (Street name, area, nearest property) *	Manor Drive, Cuckfield. Nearest property = no. 4
Please give a brief description of the required works *	<p>Re-site lamp post either 3.8m to the west or 5.5m to the east to the edge of parking access to number 4 rather than right in the middle. Its present position makes it very difficult to manoeuvre safely on the bend when more than one car uses our courtyard parking. Moving it to one side or the other would solve the problem.</p> <p>Or is a lamp post needed there at all, given the proximity of nos. 4 and 6?</p>
